Our Team

Weddings are our favourite thing to do and we appreciate you letting us be a part of your special day and trusting us with all of your hair and beauty needs. The highly trained and experienced team specialise in all aspects of wedding styling and makeup to ensure that we provide you with a seamless day that is tailored to your needs.

Appointment bookings

You will liaise directly with your Wedding Planner to confirm any booking times. Your Wedding Planner and the salon staff are experts in ensuring the timing of your appointments are made at the most suitable time for your wedding and will liaise together to make this happen for you. Your wedding planner will send you through a spreadsheet to assist with this process. Please ensure that you book all of the special people in your life at this time. We would hate for you not to be able to secure an appointment for your Nana or Auntie on your special day.

We will always endeavour to book your wedding styling into our books before we book any of your guests. Please ensure that your guests are aware of this to avoid disappointment.

Appointments timing

We allow the following booking times for each service:

- Hair – 60 minutes*
- Make up (including lash application) – 60 minutes
- Make up (without lash application) – 45 minutes

**Hair with existing extensions (tape, wefts, bonds etc.) will need an additional 30 minutes. Please ensure that you provide this information to your wedding planner.*

Any alterations or changes made to your bookings need to be submitted by your Wedding Planner. Please do not contact the salon directly.

A minimum of 48 hours' notice prior to the booking day is required to make any adjustments to scheduling or services (subject to availability).

Bridal Consultation appointments

Your Wedding Planner will schedule an appointment for you to meet with one of the team at Island Hair and Beauty for a pre wedding consultation the day prior to your wedding so that we can discuss all of your needs and answer any questions that you may have in the lead up to your big day. If you are planning on wearing clip in hair extensions or a halo extension for your day, please bring this along to your consultation appointment so that you can leave it with us overnight to be styled. This saves valuable time on your wedding day. Please also ensure that you bring along your photos of how you and your party are planning on wearing your hair and any clips or adornments that you are wearing in your hair so that we can ensure that we all know how you would like your final result to look. We will schedule your complimentary consultation around any day prior appointments booked such as tanning and nail services.

*Please note: The salon does not keep any stock of hair extensions. Please purchase your own to match your hair colour and bring these with you to the island and to your consultation.

Getting ready for your Big Day

Preparing for your big day begins months prior, and your skincare should be an important part of this preparation. Approximately 6 months prior to your wedding day we recommend monthly facials and a consistent homecare regime with a skincare range most suited to your skin's needs.

Our qualified Beauty Therapists will be able to analyse your skin type to assist with making this choice. Ultimately your makeup will only look as good as your skin underneath will allow. By preparing your skin to ensure it is hydrated and smooth leading up to your special day will enable the makeup application and finish to be flawless. We also recommend drinking plenty of water to keep the skin hydrated alongside a balanced diet to ensure your skin receives the nutrition it requires to perform as desired on the day.

What you need to do prior to all appointments

Hair: You will need to have clean, dry hair on your wedding day prior to the team doing your hair. It is best for you to shampoo and dry your hair the night before your wedding day. Shampooing on the morning of your wedding is NOT recommended as we cannot guarantee the longevity of your chosen hairstyle. Hair that needs to be straightened or dried prior to your booked appointments will incur an additional styling fee.

Waxing: is advised (at least) two days prior to your wedding day.

Spray tan: Exfoliate and shave prior to your appointment. Please wear loose fitting clothing and footwear to your appointment. Post treatment you must avoid chlorine pools and wear loose clothes as the tan will continue to develop over the next 2 - 4 hours. Recommended 1 - 2 days prior to your wedding day.

FAQ's

Q: What comes first, hair or makeup?

A: The hair and make-up team will work closely together to ensure the hair and makeup is completed efficiently. The Bride will ideally have her hair completed first and makeup last, leaving this as close to the wedding ceremony time as possible. Bridesmaids will have their hair and makeup completed within the time schedule and around the Brides request.

Q: Why do I have to get my hair done so early? Is my hair going to last the day?

A: Your hair needs to be completed 2 hours prior to your wedding to allow time for your dress to be fitted, the photography team to come and capture your special day and time to relax prior to the ceremony. Your hair stylist will take the utmost care and skill utilising expert products to ensure your hair will last the day to its best ability.

Please note, depending on the time of year and temperature/weather, your stylist will recommend certain hair styles as being more appropriate and longer lasting than others – such as extra product and more sleek up-styles on very windy and humid days.

Q: Can I have my whole Bridal party in at the salon at once?

A: The salon can comfortably fit a wedding party of six to eight people, with a maximum of two manicure stations, three make up stations and four hair stations. For large wedding parties we recommend our in-room service to allow the stylists to work with more ease and comfort in timely manner.

For large group bookings for body exfoliations, facials and massages please see the Spa Wumurdaylin treatment menu. The spa is located within walking distance from the salon with 11 treatment rooms

Please note: Hair, makeup, spray tans and Shellac are not available at the spa. These are salon only services and advanced bookings are necessary.

Spa Wumurdaylin P: 07 4946 8669 www.hamiltonisland.com.au/day-spa/spa-wumurdaylin

Q: Can a hair stylist come to my hotel room or private accommodation on the day?

A: Providing you have confirmed an 'in-room' booking for yourself prior to the day to ensure Hair stylists and Makeup artists are booked for your appointment then the salon can certainly come to you. All in-room appointments require pre-payment and incur an additional charge of \$50 per person.
